Indrocorp Technologies Inc.

Management Biographies

Darren Miller
Executive Director
and Chief Executive Officer

Darren, founder of INDROCOPR brings more than 25 years experience with research and development, operations and management of technology in the petroleum industry. He later co-founded Insure Wealth Group, a Canadian financial services company and in 2019 co-founded Bravo Zulu, a leading international defense and securities company. He actively holds several board positions.

Philip Reece
Executive Director
and Chief Technology Officer

Philip, Founder of InDro Robotics has 25+ years of experience in technology and commercial aviation. Philip is the technical lead for Canada Post's long-range BVLOS program and a technical advisor to Transport Canada. Philip is a member of the Board of Directors of Canada's national drone industry association, Unmanned Systems Canada.

Sheri Rempel
Chief Financial Officer
and Chief Administration Officer

Sheri has over 30 years of accounting experience working with companies in real estate development, restaurant management, mining, general financial services, and software development. Sheri founded and leads ARO Consulting, a 15-person firm, that specializes in providing accounting services to public companies listed across all three Canadian stock exchanges.

Tom Vogler
Vice President Corporate Development

Tom combines 20 years of strategic vision with operational insight, bridging complex capital markets, high-net-worth client engagement, non-profit mission leadership and small-business execution. His breadth of experience enables him to navigate governance structures, drive fundraising and growth, and deliver value across stakeholder types, all while maintaining a philanthropic mindset.

Indrocorp Technologies Inc.

Directors' Biographies

Alan Gaines
Independent Director (USA)

Alan is a seasoned investment banker, advisor, and entrepreneur with a proven track record in capital formation, M&A, and corporate governance. As Founder and Chairman/CEO of ALG Corp., he leads initiatives in sustainable energy, fossil fuels, EV supply chains, hydrogen, battery chemistry, and grid infrastructure. His expertise spans geophysics and board governance, making him a respected leader in the energy and finance sectors. He holds finance degrees from Baruch College (CUNY) and Hofstra University, where he graduated as Valedictorian.

Barry Foote
Independent Director (USA)

Barry has spent 24 years in professional baseball as a player, coach and manager including the Chicago Cubs and New York Yankees. Barry co-founded Tri-State Homes, formed F2 Technologies LLC and developed a patented process to read gas, water and electric meters from airborne platforms. He became the Executive Vice President of NorthStar Energy of Alaska. Currently Barry is sitting on the board of advisors for Homeland Security in North Carolina.

Dwayne Bauer
Independent Director (CA)

Dwayne has over 40 year's experience in the financial sector and a track record of success with several businesses, leading turnarounds back to solvency, getting start-ups to the next level or simply keeping a steady hand on the wheel at well-established corporations. Dwayne's expertise as a senior executive in operations, marketing, sales, strategic planning and public company finance.

Darren Miller
Executive Director (CA)
and Chief Executive Officer

Darren, founder of INDROCOP brings more than 25 years experience with research and development, operations and management of technology in the petroleum industry. He later co-founded Insure Wealth Group, a Canadian financial services company and in 2019 co-founded Bravo Zulu, a leading international defense and securities company. He actively holds several board positions.

Philip Reece
Executive Director (CA)
and Chief Technology Officer

Philip, Founder of InDro Robotics has 25+ years of experience in technology and commercial aviation. Philip is the technical lead for Canada Post's long-range BVLOS program and a technical advisor to Transport Canada. Philip is a member of the Board of Directors of Canada's national drone industry association, Unmanned Systems Canada.

Leo Dion
Independent Director (CA)

Leo has over 35 years of experience in business development, including senior roles in operations, P&L management, strategic positioning, and M&A. He has led publicly traded companies to meet revenue goals and improve performance. A results-driven leader, Leo excels in market identification, strategic execution, and problem-solving. He has a strong track record of increasing sales, market share, and profitability, backed by integrity, leadership, and analytical insight.
